02 The Quest

(Musik: LEMBERG, Text: Holger Vehre)

Further out, in the endless cold
A human being, fighting bold
Sweating blood and breathing void
His home, his love – destroyed

A thousand years, they passing by
Frozen body, about to die
Space control raises alarm
Earth-like planet, stand of arm!

The Quest is going on

Alien Nation, crossing the line
Bit by bit, one step a time
DNA and psycho scan
Intolerance, immigration ban!

The Quest is going on
The Quest is going on

03 Silver Haze

(Musik: LEMBERG, Text: Holger Vehre)

A Steel coffin - laid to rest
Only a spark of life at the end of the quest
A Silver haze an angel of light
Rescue me from the darkest night

A faith healing - by kiss of her tongue
Those - whom the gods love, are growing young
A Silver haze an angel of light
Rescued me from the darkest night

I'm in love with you
So pure and true
I'm in love with you
and it feels like coming home

A green planet - everlasting life
We complete each other, we're man and wife
A Silver haze an angel of light
Rescued me from the darkest night
A Silver haze an angel of light
My new home - the end of the fight

04 Strike back

(Musik: LEMBERG, Text: Holger Vehre)

Money rules democracy
Living in lap luxury
Don't be shy!
Socialism - a social lie
Each man (is) for himself to die
Short supply!

Preaching water drinking wine
Walking blind on a thin line
Danger sign!
Disbeliever - holy war
Oppressing women - lock the door
Who cares for?

Strike back! Strike back! Hear them shout...

Face the fact, its highest time
Fight the evil, rotten crime
Human rights!
Raise your fist scream out loud
Lead the pack, the angry crowd
Hear them shout...

Strike back! Strike back! Hear them shout...

05 A Crash down current

(Musik: LEMBERG, Text: Holger Vehre)

Hey guys - what's up?
Make it big and show what you've got

Hey girls - stand up!
Drive them crazy and show what you've got

Don't waste your time, scream out loud
Shake off worry, join the crazy crowd
Strip your soul and bare it all
That's the way we wanna Rock 'n' Roll
That's the way we wanna Rock 'n' Roll

Let's rock! Till a crash down current
Let's rock! Till a crash down current

Hey guys - bottoms up!
Plugin guitars and play what you've got

Hey girls, dress up!
Raise your voice and sing what you' got

A legend of rock, electrifying blues
Break the charts, breaking the news
Four decades of Rock 'n' Roll
High voltage worldwide show

I was thirteen, lulled in disco sound
A Touch to much turn my head around
Found a band put in heart and soul
That's the way we wanna Rock 'n' Roll

We rock! Till a crash down current
We rock! Till a crash down current

06 Steamboiler Blues

(Musik: LEMBERG, Text: Holger Vehre)

Railroad track, a dusty road
Sunrise breaks thru my frozen coat
My V2 is struggling for breath
Burning fuel, exhausting gas

Ascend to heaven, face the deuce
This is the steam boiler blues

From coast to coast, from town to town
Campfire place, wolves howl
Airstream noise and rumpled hair
Simple life, quiet fair and square

On my way back, back home to you
Needed an out time because i got blue
The wild, wild west on an iron horse
Now i know we're on the right course

07 Mariechen

(Musik: LEMBERG, Text: Holger Vehre)

Mariechen war ein junges Weib mit rot zerzausten Haaren.
Unschuldig und lebensfroh mit süßen 18 Jahren.

Sie tanzte gern und sang so gern, meistens viel zu laut.
Ein hübsches Kind, das jedermann (so) gern anschaut.

Tanz Mariechen - Lass die Sorgen, Sorgen sein
Tanz Mariechen - Tanz für uns im Sonnenschein
Sing Mariechen - Lass die Sorgen, Sorgen sein
Sing Mariechen - Sing für uns im Monden Schein

Mariechen wurde rasch bekannt und bald stieg man ihr nach.
Sie tat es mit einem Lächeln ab, doch ein krankes Herz, das brach

*Der Mächtige wollt nicht von ihr lassen
und fing an sie zu hassen.
Üble Rede und Intrigen,
so wird er wohl bald siegen.*

Tanz Mariechen...

Mariechen wurde Hex gerufen, die Häscher stehen vor der Tür,
sie floh behände in den Wald, ein neues Leben als Walküre

Tanz Mariechen - Tanz den Mächtigen auf der Nas
Tanz Mariechen - Das Diebesleben ist ein Spaß
Sing Mariechen - Sing von Freiheit, Ruhm und Glück
Sing Mariechen - Bringst uns die Hoffnung zurück
